Introduction

Jagsit Foundation

“SERVICE TO HUMANITY IS THE BEST WORK OF LIFE”

Jagsit Foundation registered under the Society Registration Act, Government of Jharkhand, is a grassroots non-governmental organization committed to holistic community development. Based in Godda Jharkhand, the organization has consistently worked at the intersection of social justice, empowerment, and sustainable development.

Since its inception, Jagsit Foundation has stood as a pillar of support for marginalized and underserved populations. The organization believes lasting change is only possible through inclusive participation, community-based solutions, and capacity-building efforts. Guided by these principles, it has initiated and executed multiple impactful programs in the following core areas:

Health and Community Awareness Programmes

Women and Child Development Initiatives

Skill Development & Vocational Training

ST/SC and Minority Development Projects

Road Safety Awareness Campaigns

Promotion of Art and Culture

Environmental Conservation and Plantation Drives

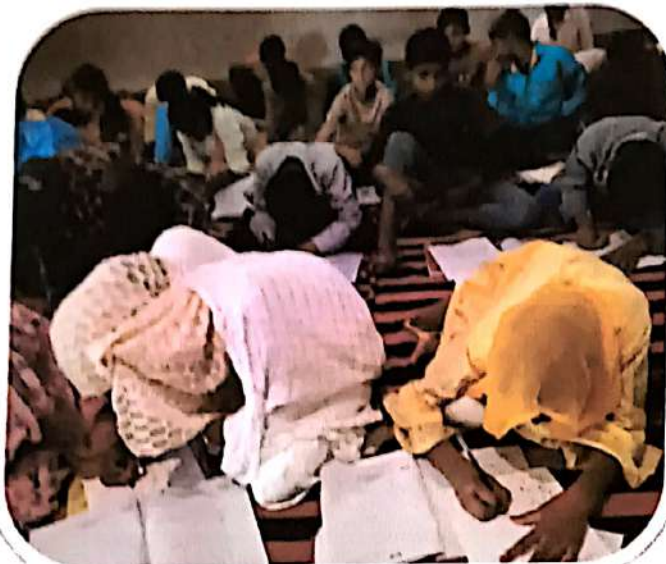

Through a dedicated team of volunteers, experts, and community mobilizers, Jagsit Foundation continues to uplift vulnerable groups and promote social equity across tribal and rural belts of Jharkhand. With a blend of compassion, planning, and active fieldwork, the organization remains focused on building a just and equitable society where everyone can thrive.

The Annual Report 2024-25 captures this journey of service and growth. It is not just a documentation of activities—it is a reflection of hope, progress, and the collective will to create meaningful change.

Hope in Action

Serving the Roots

Vission & Mission

Our Vision

"To build an inclusive, empowered, and self-reliant society where every individual lives with dignity, equal opportunity, and access to basic rights."

Jagsit Foundation envisions a future where marginalized communities, especially women, children, Scheduled Tribes, Scheduled Castes, and minorities, are empowered through education, health, skill development, and cultural awareness. We strive for a society rooted in equity, sustainability, and compassion.

"To serve humanity by enabling social transformation through need-based, community-driven, and sustainable development programs."

Our Mission

Our mission is to work at the grassroots level to:

- Promote accessible healthcare and community well-being
- Advance women and child development initiatives
- Offer skill development and vocational training to enhance livelihoods
- Uplift ST/SC and minority communities through targeted interventions
- Spread awareness on road safety, hygiene, and rights
- Preserve and promote art, culture, and environmental conservation

Through partnerships, participation, and unwavering dedication, we aim to bridge the gap between opportunity and accessibility for every underserved citizen.

सशक्त समाज

सेवा ही उद्देश्य

President's Statement

"Service to humanity is not just an act, but a responsibility we must carry with compassion and dedication."

It gives me immense pride and satisfaction to present the Annual Report for the year 2024-25 of Jagsit Foundation. As the President of this organization, I am honored to reflect on a year filled with impactful efforts, meaningful collaborations, and unwavering service to society.

Over the past year, our organization has deepened its presence and effectiveness in several key areas—healthcare, women and child development, skill training, minority welfare, road safety awareness, art & culture promotion, and environmental conservation. These programs are not just initiatives; they represent our ongoing commitment to uplift the lives of the marginalized and underserved.

From organizing health camps in remote areas to empowering women with livelihood skills, our activities are rooted in the belief that real development begins at the grassroots. Our vocational training programs have helped youth and women become self-reliant, while our awareness drives have educated communities on sanitation and safety issues.

We've also worked actively with SC/ST and minority groups, ensuring inclusion and access to essential services and opportunities. Equally important is our continued emphasis on plantation and environmental awareness, reflecting our responsibility for a sustainable future.

None of this would have been possible without the tireless efforts of our team—our field workers, volunteers, and partners—who have worked with dedication and heart. I also extend my heartfelt thanks to our supporters, government departments, and funding partners who have stood by our mission.

This annual report is not just a summary of our activities—it is a testament to our collective spirit, hard work, and shared hope for a better tomorrow. As we look ahead, I invite more individuals and institutions to join hands with us in this journey of change and empowerment.

With gratitude and commitment,

Key Objective

To empower marginalized communities through health services, skill development, women & child welfare, ST/SC upliftment, environmental conservation, and cultural promotion for sustainable and inclusive growth.

Md Farooque

Secretary's

Message

"When service meets sincerity,
transformation begins."

It is a privilege to share a brief reflection on our journey at Jagsit Foundation during the year 2024-25. This year has been a meaningful blend of grassroots engagement, impactful initiatives, and community empowerment.

Our focus remained clear—to reach the unreached. Whether through skill development, health camps, or awareness programs, each effort was rooted in the needs of the people. We didn't just implement projects; we listened, learned, and worked hand-in-hand with communities.

This year, we expanded our work with women, children, tribal and minority communities, and the environment. We trained youth in livelihood skills, educated locals on road safety, supported women-led initiatives, and planted trees for a greener tomorrow.

I extend heartfelt thanks to our field team, volunteers, and supporters who have made this possible. Your belief in our mission keeps us going.

As we step into a new year, we look forward to growing our impact with stronger partnerships and continued dedication.

Key Objective

To uplift underprivileged communities through health, education, skill development, women & child welfare, SC/ST & minority support, cultural promotion, and environmental conservation for inclusive growth.

With gratitude,
Abdul Ghaffar Ansari
Secretary

Treasurer's Message

**"Transparency and accountability
are the foundations of trust."**

Message from the Treasurer

As Treasurer of Jagsit Foundation I'm pleased to report that we have maintained strict financial discipline throughout 2024-25. Our funds, including donations and grants, were carefully managed through banking channels and reflected in our balance sheet. The annual audit was successfully conducted by an independent firm, ensuring compliance and transparency. We continue to allocate funds responsibly across all key initiatives such as healthcare, vocational training, and environmental conservation. We are grateful to our donors and partners, whose support has been essential to our work. Going forward, we aim to strengthen our financial systems and fundraising efforts to expand our impact.

Key Objective & Future Work Vision:

To ensure transparent financial management, proper utilization of donations, and compliance with audit standards. In the future, we aim to enhance our fundraising capacity, expand programs, and improve financial reporting to support sustained growth and community impact.

With gratitude,

Md Manour Alam
Treasurer
Jagsit Foundation

Core Values

Project Scope

Core Values of Jagsit Foundation

At Jagsit Foundation our core values guide every action, decision, and initiative we undertake. They are the foundation of our work, driving us to create a lasting impact and make a difference in the communities we serve. These values are:

1. Integrity

Integrity is the cornerstone of all our efforts. We maintain honesty, transparency, and ethical practices in everything we do. We believe in trust-building and ensuring that every rupee spent is accounted for.

2. Compassion

We are deeply committed to making a difference in the lives of vulnerable communities, especially women and children. Compassion fuels our initiatives, ensuring we serve with empathy, kindness, and a true desire to uplift others.

3. Accountability

We believe in being responsible for the resources entrusted to us. From financial management to program delivery, we ensure accountability by providing transparent reports, regular audits, and stakeholder involvement in our processes.

4. Sustainability

Our work is centered around creating long-term impact. We focus on eco-friendly initiatives, promoting green practices, and striving for sustainable development that will benefit not just this generation, but future ones as well.

5. Collaboration

We understand the power of working together. Through collaborations with communities, donors, volunteers, and partners, we amplify our efforts and bring about collective change. Together, we can achieve more!

6. Empowerment

At Toyatma, we believe in empowering individuals. From skill development to health programs, we strive to provide opportunities for people, especially women, youth, and marginalized groups, to realize their full potential and lead self-sufficient lives.

"Where service begins, change follows."

"Committed to uplift, driven by purpose."

Awareness

Health Awareness Programme - 2024-25

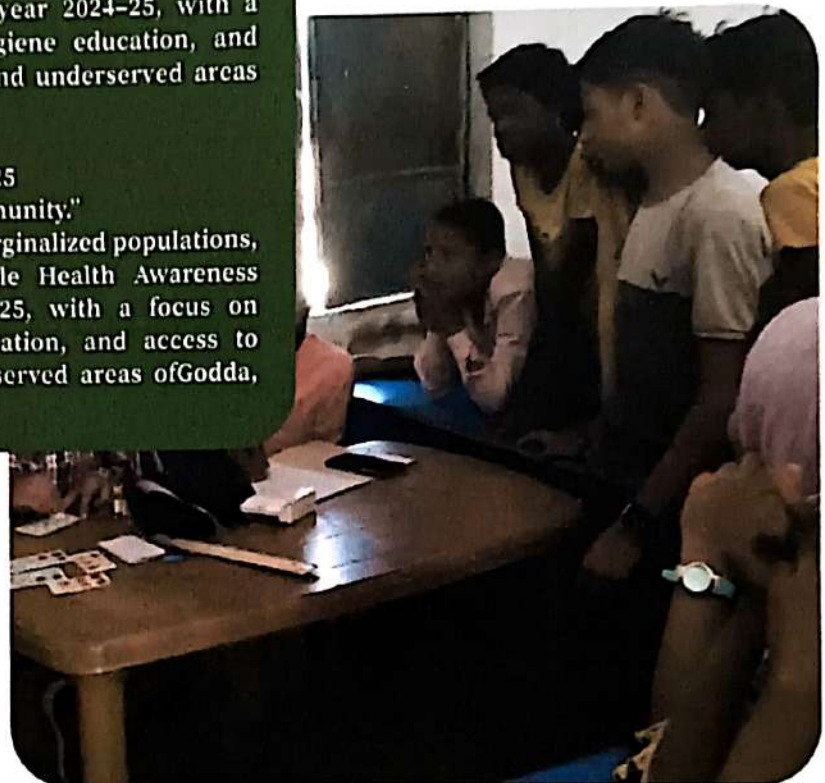

"A healthy community is a strong community."

As part of our mission to empower marginalized populations, Jagsit Foundation conducted multiple Health Awareness Programmes during the year 2024-25, with a focus on preventive healthcare, hygiene education, and access to medical services in rural and underserved areas of Godda, Jharkhand.

Health Awareness Programme - 2024-25

"A healthy community is a strong community."

As part of our mission to empower marginalized populations, Jagsit Foundation conducted multiple Health Awareness Programmes during the year 2024-25, with a focus on preventive healthcare, hygiene education, and access to medical services in rural and underserved areas of Godda, Jharkhand.

Key Activities Conducted:

✦ "Education and skills are tools of independence. We empower women to stand tall, earn with pride, and lead their families toward progress."

Caring for the Youngest Voices:

Organized child health check-up camps, nutrition awareness drives, and early learning activities.

Supported Anganwadi centers with educational kits, play materials, and clean drinking water facilities.

Hosted workshops for parents and caregivers on child development, safety, and hygiene.

Reach & Impact:

Over 500 women gained skills training and SHG linkages.

1,200+ children received health support and participated in learning initiatives.

Awareness reached villages in and around Giridih, especially among tribal and underprivileged families.

Objective:

To create lasting health-conscious behavior and reduce the burden of preventable diseases through community education, early diagnosis, and accessible healthcare.

Collaborations:

We collaborated with local hospitals, private practitioners, and panchayats, ensuring a multi-stakeholder approach to healthcare outreach.

Women & Child Empowerment

Women Empowerment & Child Care Programme - 2024-25

"When we invest in women and children, we invest in the future."

In 2024-25, Jagsit Foundation remained deeply committed to building a just and inclusive society by empowering women and nurturing the well-being of children. Recognizing that women and children are the pillars of resilient communities, our interventions focused on dignity, rights, and opportunity.

Empowering Women at the Grassroots:

Conducted vocational training workshops in tailoring, handicrafts, and digital literacy to enhance economic self-reliance.

Held legal awareness sessions on rights, domestic violence laws, and access to government schemes.

Formed and strengthened Self-Help Groups (SHGs) for collective financial independence and leadership development.

✦ "Education and skills are tools of independence. We empower women to stand tall, earn with pride, and lead their families toward progress."

Caring for the Youngest Voices:

Organized child health check-up camps, nutrition awareness drives, and early learning activities.

Supported Anganwadi centers with educational kits, play materials, and clean drinking water facilities.

Hosted workshops for parents and caregivers on child development, safety, and hygiene.

Reach & Impact:

Over 500 women gained skills training and SHG linkages.

1,200+ children received health support and participated in learning initiatives.

Awareness reached villages in and around Godda, especially among tribal and underprivileged families.

Our Belief:

Empowerment is not just about livelihood; it's about freedom, respect, and voice. Child care is not just about survival—it's about helping every child thrive and dream.

Looking Ahead:

We aim to set up a women's skill resource center and initiate a child development tracking system to ensure holistic growth, support, and long-term transformation.

Education Programme

Education & Literacy Programme - 2024-25

"Education is the most powerful tool for change."

Driven by the belief that every individual deserves the light of knowledge, Jagsit Foundation dedicated significant efforts in 2024-25 to promoting education and literacy among children, youth, and adults in underprivileged and tribal communities of Godda, Jharkhand.

Key Initiatives Undertaken:

Non-formal education Centres 🏠 were set up in areas where access to formal schooling is limited. Children engaged in basic literacy, numeracy, and creative learning through activity-based modules.

Adult Literacy Classes 👤 were conducted for women and older individuals who had missed the opportunity to study earlier. This included reading, writing, and financial literacy training.

School Readiness Support ❤️ was extended to children from marginalized families. Educational kits, school bags, uniforms, and tuition support were provided to prevent school dropouts.

Digital Literacy Drives 💻 for youth and adolescent girls introduced them to basic computer skills and digital tools, essential for navigating modern opportunities.

★ **Achievements at a Glance:**

Over 700+ children benefited from learning support across rural belts.

150+ adults achieved basic literacy, many of them women from SC/ST backgrounds.

100+ youths trained in basic digital skills, preparing them for employment and further learning.

💡 "Literacy doesn't just teach people to read—it gives them a voice, a future, and a path out of poverty."

Collaborations:

Our programme was strengthened through partnerships with local educators, volunteers, and youth clubs, creating a community-led learning ecosystem.

Future Goals:

Establish a Community Learning Resource Centre with library and computer facilities
Expand bridge education programs for school dropouts
Train local youth as para-educators and digital mentors

ST/ Sc & Minorities

Development Programme

SC/ST & Minorities Development Programme - 2024-25

"Empowerment begins where equality is practiced and opportunity is shared."

In line with its core vision of inclusive growth and social justice, Jagsit Foundation implemented several targeted initiatives for the upliftment of Scheduled Castes (SC), Scheduled Tribes (ST), and minority communities in Jharkhand during 2024-25. These communities, often marginalized due to historical inequalities, were given a platform to access basic rights, improve livelihood opportunities, and gain social awareness through a series of integrated programmes.

Key Initiatives:

Skill Development Workshops:

Tailored vocational training in trades like tailoring, mobile repairing, beauty care, and handicrafts helped youth and women earn sustainable incomes.

Health & Nutrition Camps:

Conducted medical camps with free check-ups, especially focusing on tribal belts with poor access to healthcare.

Awareness Drives:

Legal literacy sessions, rights awareness camps, and counselling sessions were organized to inform communities about government schemes, reservation rights, and welfare programs.

Cultural Inclusion & Identity Preservation:

Efforts were made to celebrate and preserve local tribal and minority art, language, and traditions through cultural programmes and exhibitions.

Impact Highlights:

Over 450+ individuals trained in income-generating skills

300+ students benefited from educational aid and mentoring

Health services reached multiple remote tribal hamlets

Awareness sessions covered 6+ villages around Godda

 "Equality is not just a goal—it's a commitment to ensure no community is left behind."

Looking Ahead:

We plan to:

Set up a Dedicated Resource Centre for SC/ST youth career guidance

Launch a Minority Women Leadership Program

Strengthen our legal aid cell to support community justice

Skill development Programme

Skill Development & Vocational Training Programme (2024–25)
By: Jagsit Foundation Godda Jharkhand

Empowering Hands, Enabling Futures"

1. Introduction & Background

In India, the demographic dividend represents a powerful opportunity. With over 65% of the population below the age of 35, skill development has become a national priority. However, a significant section of the youth—particularly from SC/ST, minority, and economically weaker backgrounds—faces challenges such as school dropouts, lack of access to formal training, and unemployment.

Recognizing this urgent need, Jagsit Foundation has aligned its goals with the Government of India's flagship missions like Skill India, Atmanirbhar Bharat, MSME, and PM-DAKSH. The aim is to create a bridge between unskilled labor and employable, skilled youth by offering accessible, inclusive, and industry-aligned vocational training programs

Key Objectives

2. Programme Objectives

To equip underprivileged youth, especially women, SC/ST, and minorities, with industry-relevant skills.

To promote self-employment through entrepreneurship training and micro-enterprise support.

To ensure social and economic upliftment by integrating them into the formal job sector or self-help ecosystem.

To support local and sustainable craft traditions via modern training methods.

3. Methodology and Approach

The programme was conducted in various phases across urban and rural areas of Godda. The model included:

♦ Community Mobilization:

Field teams organized village-level awareness camps to identify interested participants from marginalized groups. Partnerships were built with local panchayats, SHGs, Anganwadis, and schools.

♦ Skill Assessment & Counseling:

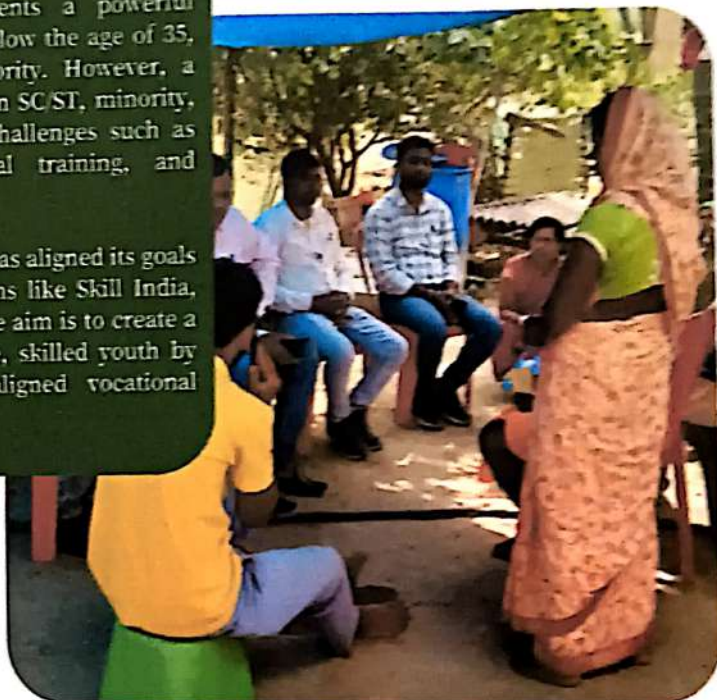

Participants were profiled through baseline surveys, and personalized counseling helped align their interests with suitable training trades.

♦ Customized Training Curriculum:

Each course was designed in line with NSQF (National Skills Qualification Framework) and industry standards. The curriculum included theory, practicals, and soft skills.

♦ Training Infrastructure:

Well-equipped centers were set up with necessary tools, machinery, and digital equipment. Sessions were conducted by certified trainers with practical industry experience.

Plantation & Environment Programme

At Jagat Foundation, we firmly believe that environmental protection is not just a responsibility but a collective moral duty. In line with this philosophy, we carried out several impactful Plantation and Environment Awareness Programmes during the year 2024-25, across various blocks of Godda district, Jharkhand.

Key Initiatives Conducted:

Mass Plantation Drives: Collaborated with school children, SHG members, and community volunteers in rural and semi-urban pockets.

Awareness Kiths and Nukkad Natak (street plays) conducted in public spaces to spread the message of eco-conservation. Environment Itinerates and Seminars involving experts, forest department officers, and grassroots leaders on climate change, water conservation, and afforestation.

Seedling Distribution Campaigns = Over 3,000 saplings (Neem, Mango, Guava, Banana, Peepal) distributed among farmers and households.

School-level Eco Clubs Formation = Promoting student-led green activities and weekly environment pledges.

Cleanliness & Biochakra Drives in public parks, roadsides, and open spaces near slum areas.

Outcome & Impact:

Total Trees Planted: More than 7,000 saplings across 12 panchayats.

People Sensitized: Over 4,500+ villagers, youth, and school children.

New Green Zones Developed: In 6 school campuses and 4 community parks.

Rainwater Harvesting Awareness: Implemented model pit projects in 3 villages.

"He who plants a tree, plants a hope." – This quote has become a guiding principle for our green movement.

Special Campaigns:

Van Mahotsav 2024: Celebrated with mass participation and eco-friendly activities.

Plastic-Free Village Mission: Adopted 3 villages to promote zero plastic usage and proper waste segregation.

Green Week Challenge: Youth engaged in 7-day eco-challenges and clean-up competitions.

Future Goals:

➤ To plant an additional 10,000 trees by 2026.

● To reduce plastic use by 70% in our intervention areas.

➤ To include environmental education in all our skill and literacy programmes.

Road Safety Programme

In the year 2024-25, Jagsit Foundation intensified its efforts in promoting road safety awareness as part of its commitment to community well-being and public health. With the rise in road accidents across India, our organization recognized the urgent need for targeted education and behavioural change among the public, especially youth, pedestrians, and two-wheeler users.

Major Activities Conducted:

Public Awareness Campaigns

Organized rallies, poster exhibitions, and street plays (nukkad natak) in high-traffic areas like markets and bus stands to raise awareness about safe driving practices.

Key Objectives

Workshops in Schools & Colleges

Conducted over 15 interactive sessions on traffic rules, helmet & seatbelt use, and the dangers of overspeeding and mobile phone usage while driving.

Driver Training & Orientation

Collaborated with local transport unions to provide training on defensive driving, emergency response, and first aid for auto-rickshaw and truck drivers.

Distribution of IEC Materials

Handed out pamphlets, reflective stickers, and helmet-use posters to over 3,000 community members and students.

Road Safety Pledge Drives

More than 5,000 participants pledged to follow road safety rules and encourage others to do the same.

Collaborations with Authorities

Partnered with the Traffic Police Department, District Transport Office, and National Highways Authority to co-organize awareness events during Road Safety Month

Partnership & Collaboration

Support. Serve. Shine

Your Gift, Their Hope

Donors make dreams real

Hearts that Help

Partnership & Collaboration with Local Donors & NGOs

At Jagsit Foundation we firmly believe that the key to achieving sustainable community development is through collaborative efforts. Over the past year, we have strengthened our partnerships with local donors and NGOs to maximize the impact of our programs. By leveraging each other's strengths, we have been able to amplify our initiatives in health, education, road safety, environment, and social welfare.

Key Partnerships & Collaborations:

Local Donors:

Our funding partners have played a pivotal role in sustaining and scaling our activities. Donations received from local businesses, individual philanthropists, and community-driven efforts have enabled us to execute large-scale programs like women empowerment, health camps, and road safety awareness drives.

Collaboration with NGOs:

Community-Led Initiatives: We collaborated with local NGOs to extend our reach to under-served communities. Partnering with these organizations has allowed us to share resources, knowledge, and logistical support, ensuring that we can deliver more effective programs.

Health & Education Partnerships: Through partnerships with healthcare-focused NGOs, we were able to organize free medical camps, provide health awareness, and ensure quality education for children from marginalized backgrounds.

Environment and Social Welfare Initiatives: Our collaboration with environmental NGOs helped amplify our plantation drives, cleanliness campaigns, and waste management awareness.

Corporate Social Responsibility (CSR):

We have also successfully worked with several corporates under their CSR initiatives, channeling their resources into impactful social welfare programs such as vocational training, skill development, and livelihood enhancement for underserved communities.

Financial Overview

"Transparency in Fund Management for Sustainable Growth"

As an organization committed to accountability and transparency, Jagsit Foundation ensures that all financial transactions are handled with the utmost integrity. Our financial resources are managed efficiently, enabling us to maximize the impact of our community-driven programs. In line with our commitment to transparency, we enclose our Audit Report for the year 2024-25 for public review.

Revenue Generation

Jagsit Foundation generates revenue through diverse sources, including donations from local supporters, corporate CSR contributions, grants, and government funding. Income from skill development and vocational training programs also helps sustain our initiatives. This diversified funding model ensures the continued growth and impact of our community-driven projects. These funds have been allocated across various programs focused on health, education, women empowerment, road safety, and environmental conservation.

Expenditure Breakdown

Our financial management focuses on ensuring that donations and funds are allocated efficiently to different programs and organizational needs:

Program Expenses: 65% of the total expenditure has been directed towards program execution, including health awareness campaigns, vocational training, and environmental initiatives.

Future Goals

Jagrit Foundation is committed to expanding its impact and reaching more communities. Our future goals include:

Scaling Programs: Expanding our health, education, and women empowerment initiatives to more rural and underserved areas.

Diversified Funding: Building new partnerships with national and international donors, enhancing corporate collaborations, and securing more government support.

Self-sustaining Initiatives: Developing programs that generate internal revenue, such as vocational training centers, to reduce dependency on external funding.

Sustainability and Environmental Impact: Strengthening our environmental conservation efforts with more plantation drives, waste management, and awareness campaigns.

Community Empowerment: Continuing our focus on skill development and vocational training to provide sustainable livelihoods for marginalized communities.

These goals reflect our commitment to long-term positive change and improving lives in the communities we serve.

Water Conservation

Faster Crop Growth

Donation & Support

Make a Difference with Your Contribution

At Jagsit Foundation we are committed to transforming lives and empowering communities. Our work across health, education, women empowerment, environmental conservation, and more is made possible through the generosity of our donors. Your contribution can create lasting change and bring hope to those in need.

How Your Donation Helps:

- Supporting healthcare awareness programs
- Providing vocational training and skill development
- Empowering women and children
- Promoting road safety and environmental conservation

Make a Lasting Impact:

**Support Life-
Transparency and Accountability:**

Create a Better Future:

Be Part of a Noble Cause:

Reflecting on Challenges & Learnings in 2024-25

In the journey of social service, challenges are not roadblocks—they are powerful teachers. For Jagsit Foundation the year 2024-25 was both enriching and demanding. As we strived to deliver impactful programs in health, education, women empowerment, and environmental conservation, we encountered various obstacles that tested our resolve and adaptability.

Despite our best planning, some on-ground realities offered new insights and the need to recalibrate strategies. Here, we present some of the core challenges we faced and the key lessons that emerged from them:

Challenge 1: Limited Access in Remote Areas

Many of our beneficiaries reside in tribal and interior rural zones where infrastructure, communication, and transport are still underdeveloped. Reaching these areas with healthcare, literacy programs, or road safety awareness posed logistical challenges.

What We Learned:

Collaborating with local volunteers, community leaders, and existing grassroots groups greatly improved our reach. Flexibility in planning and decentralizing resource mobilization helped us respond better to local needs, and renewed purpose.

Challenge 2: Cultural Sensitivity in Women & Child Programs

In certain areas, deep-rooted traditional beliefs resisted women-centric empowerment programs, especially related to reproductive health or vocational training.

What We Learned:

Cultural respect is non-negotiable. Instead of pushing modern solutions, we adopted a community dialogue approach—engaging respected elders, showcasing success stories, and using relatable language. This gradually shifted mindsets more inclusively.

Challenge 3: Funding Constraints & Delays

Timely execution of some planned projects was delayed due to gaps in fund flow, which affected both operational continuity and staff motivation.

Sustainable Development Goals (SDG) Alignment Report

Our Contribution Toward a Better World

At Jagsit Foundation our mission aligns closely with the United Nations' Sustainable Development Goals (SDGs). These 17 global goals serve as a universal call to action to end poverty, protect the planet, and ensure peace and prosperity for all. Through our focused interventions across health, education, empowerment, environment, and social justice, we proudly contribute to India's progress toward these global benchmarks.

Below is a snapshot of our key program areas and their alignment with specific SDGs:

Below is a snapshot of our key program areas and their alignment with specific SDGs:

Goal 3: Good Health and Well-being

Programs Aligned:

Health Awareness Camps
Mother & Child Health Initiatives
Road Safety Awareness Drives

Our Contribution:

We promoted preventive healthcare, hygiene practices, and emergency response education in underserved areas. Special focus was given to maternal and child health through regular camps and community outreach.

Goal 4: Quality Education

Programs Aligned:

Adult Literacy Campaigns
Child Education Support
Skill Development for Youth

Our Contribution:

We enabled access to basic education and vocational training, especially for dropout youth and rural women, underlining the belief that literacy is the foundation of empowerment.

"हर बदलाव की
शुरुआत, एक सेवा
के साथ।"

NGO Model and Implementation Plan

Structured for Impact, Designed for Change

At Jagsit Foundation our implementation model is rooted in community engagement, data-driven planning, and sustainable impact. The approach is designed to ensure that every project or program is not just executed effectively but also leaves a lasting transformation in the lives of beneficiaries.

NGO Model and Implementation Plan

Structured for Impact, Designed for Change

At Jagsit Foundation our implementation model is rooted in community engagement, data-driven planning, and sustainable impact. The approach is designed to ensure that every project or program is not just executed effectively but also leaves a lasting transformation in the lives of beneficiaries.

Our NGO Operating Model

1. Community-Centered Approach:

We believe the community is not just a beneficiary but an active partner. Every project starts with listening to the needs of the people, followed by participatory planning.

2. Need Assessment & Baseline Surveys:

Before launching any initiative, we conduct detailed field surveys to assess existing conditions and prioritize real-time needs.

Building Trust Through Transparency:

Our Legal & Operational Integrity

Building Trust Through Transparency: Our Legal & Operational Integrity

Trust is earned, and we work every day to maintain the confidence that donors, partners, and beneficiaries place in us. Jagati Foundation operates with full legal and financial transparency, complying with all necessary regulations and regularly audited financials.

🌟 Key Legal Information What we have :

 - Volunteer your time or expertise

"Every rupee you give becomes a tool of empowerment, every gesture a ray of hope. Join hands with Jagsit Foundation—because together, we can build the future we believe in."

OUR COMMITMENT TO CHANGE:

THE SOUL OF JAGSIT FOUNDATION

Jagsit Foundation was born from a belief—that every life has potential, and every community deserves opportunity. Since our establishment in Godda, Godda, we've stood as a pillar of trust and transformation across Jharkhand's most marginalized regions. As a grassroots organization registered under the Society Registration Act, we take pride in our people-first approach—ensuring that our programs are not just for the community but with the community.

Our model is based on participatory development, where villagers, tribal groups, women, and youth are not merely beneficiaries but stakeholders and changemakers. Whether it's a woman launching her home business after our vocational training, or a child attending school thanks to our outreach, each story is a testament to our commitment to inclusive development.

What makes Jagsit Foundation unique is not just what we do—but how we do it. We integrate empathy with efficiency, compassion with strategy, and service with sustainability. Every camp, every session, every plantation drive is a step toward a more just and empowered society.

संगठन की ओर से एक संदेशः

Goals and Objectives

हमारी संस्था, Jagsit Foundation समाज के हर वर्ग के लिए बदलाव की एक नई उम्मीद लेकर आई है। हमारी कोशिश हमेशा यही रही है कि हम उन लोगों की मदद करें जो सबसे ज्यादा जरूरतमंद हैं, चाहे वह स्वास्थ्य के क्षेत्र में हो, शिक्षा और कौशल विकास के क्षेत्र में या पर्यावरण संरक्षण की दिशा में।

Methodology

हमारा विश्वास है कि हर एक कदम, चाहे वह कितना भी छोटा क्यों न हो, समाज में बड़े बदलाव का कारण बन सकता है। हम सिर्फ शब्दों में नहीं, बल्कि कार्यों में विश्वास रखते हैं और यही काम हमें और हमारी संस्था को सशक्त बनाता है। हमारा उद्देश्य न केवल समस्या का समाधान करना है, बल्कि हर व्यक्ति में आत्मविश्वास और शक्ति का संचार करना है, ताकि वे अपने जीवन में बदलाव ला सकें।

TIMELINE

हमारी यात्रा में कई चुनौतियाँ आईं, लेकिन हर कदम पर हमने नया कुछ सीखने की कोशिश की। हर कड़ी मेहनत और समर्पण ने हमें यह सिखाया है कि समाज में कोई भी बदलाव रातों-रात नहीं आता, पर अगर हम मिलकर काम करें तो वह बदलाव निश्चित रूप से संभव है।

हमारी संस्था ने अपने अनुभव से यह जाना है कि सही दिशा में उठाए गए कदम से ही किसी समाज में सच्चा बदलाव आ सकता है। इसलिए हम हर दिन नई उम्मीद और नए विचारों के साथ काम करते हैं।

2022

"सपने साकार करें!"

2023

"समाज में बदलाव!"

2024

"हमारी यात्रा जारी है!"

आज हम आपके साथ मिलकर इस परिवर्तन की यात्रा में एक नई दिशा में कदम बढ़ाना चाहते हैं, ताकि हमारे साथ जुड़कर आप भी समाज के विकास में भागीदार बन सकें।

हमारी संस्था की ओर से आपसे यही अपील है कि हमारे इस सफर का हिस्सा बनें और अपने योगदान से बदलाव की राह में हमारा साथ दें। साथ मिलकर हम एक बेहतर भविष्य की ओर कदम बढ़ा सकते हैं।

"समाज में बदलाव की दिशा में, हम और आप मिलकर नया इतिहास लिख सकते हैं।"

: "Threads That Bind Us"

Change Begins
Here

1. Together, We Move

Every step we took this year was a shared one. At Jagsit Foundation change happens not in isolation, but through unity.

From women gaining new skills to children participating in cultural programs, each success reflects the power of community-driven progress. Local leaders, volunteers, youth, and elders all became part of something larger—a chain of positive action across Jharkhand.

2. Listening. Adapting. Growing.

Real impact begins with listening. This year, we shaped our programs based on what communities truly needed—more practical training, more mobile health access, more hands-on learning.

By walking beside the people, not ahead of them,
we've built not just trust, but lasting solutions.

3. Looking Ahead, Together

This is not the end. It's a continuation of a mission that grows stronger each day. As we step into the future, we carry forward the voices, dreams, and strength of the communities we serve. With your support, we will go further—rooted in compassion, guided by hope.

"Lives Touched, Futures Transformed"

Stories from the Heartbeat of Rural Jharkhand

At the core of Jagsit Foundation's work lies the belief that true development is people-centered—and the best measure of success is the change reflected in individual lives. This year, our initiatives have reached thousands, but numbers alone cannot capture the essence of transformation. The real impact lives in voices, stories, and dreams reignited.

| Risk | Mitigation Strategy |
|----------------------|--|
| Skills for New Lives | ✳ Scaling up plantation and environmental drives across 100+ tribal villages |
| Skills for New Lives | 👩 Enhancing skill training to reach 5,000 more women and youth |
| Health on Wheels | 🚚 Strengthening mobile health and awareness camps in remote hamlets |

At Jagsit Foundation we believe service is sacred. But it is not a solo mission. It is through your belief, your support, your partnership that we have been able to achieve what once seemed impossible.

We thank our community leaders, government departments, donors, corporate partners, volunteers, and well-wishers who have walked this path with us.

Thank You for your attention
